Four in a Row- Writing

Take turns writing tch and ch words in the circles, starting from the bottom row. Each person should write in their own colour. The first person to get four in a row, wins. Make sure you block each other as you go.

A 7x5 grid of white circles on a blue background. Each circle contains a horizontal line for writing. The grid is intended for a 'Four in a Row' game where players take turns writing words starting from the bottom row.
