## Instructions

- 1) Print the purple word cards. Each player gets a different card.
- 2) The gamemaster reads the words below, in whatever order they like. Tick them off if needed.
- 3) Players put counters or paperclips over the words on their purple card as the corresponding words are read out.
- 4) The first person to get six words, wins.

**Bump it up challenge:** Instead of reading the words, the gamemaster can read the definition. Players need to guess the word then place their counter or paperclip down.

## Word List

- **catch** – We try to do this after someone throws us a ball.
- **match** – We can set this alight. It is also what we call a sports game.
- **stitch** – You might get a few of these if you get a big cut or injury.
- **glitch** – Technology will do this if it isn't working properly.
- **witch** – One of these might cast a spell on you!
- **crutch** – You will need two of these to get around on if you break your leg.
- **hitch** – Someone who sticks a thumb out on the side of the road for a lift is a \_\_\_\_\_ hiker.
- **sketch** – A type of drawing.
- **twitch** – A word used to describe when muscles seize up and start to jerk or shake.
- **hutch** – Somewhere a pet rabbit or guinea pig might live.
- **patch** – If you get a hole in a piece of clothing, you might sew this over the top.
- **ditch** – A narrow dip cut out along the side of a road to hold water when it rains.
- **itch** – When a mosquito or bug bites you, your skin might do this.
- **fetch** – A game that dogs love to play, where they chase a ball then bring it back.
- **scratch** – This is a word we use when we're talking about a small cut.
- **notch** – A divot or dent that's made on a smooth surface.
- **kitchen** – The room in the house where the cooking happens.
- **stretch** – If something is like elastic, it can do this.
- **clutch** – To grab onto something tightly. Also, the part of a car you change gears with.
- **etch** – To scratch or carve a picture into a surface is to do this.
