

'Rhyme Time' - Phonological Awareness

For this activity, you'll need one paper clip, a pen or pencil and two players. Put the end of the paper clip on the white spot in the middle of the circle. Place the pointy end of a pen or pencil inside the paper clip on the circle so the paper clip can spin. Flick the paper clip so it spins. Read the word you land on then say a word that rhymes. Take it in turns until you've had three goes each. For a challenge, put your words in a sentence.
